

# Influential Relative

David vazquez  
period 4

# Who is my influential relative

My uncle is my influential relative because he taught me lots of stuff about what will happen in the future in school and how i will live differently. I chose him because not only he taught me a lot but took care of me and made me do difficult things that made me feel and be successful.

# What Has My Influential Relative Done

My uncle has helped me in lots of school and out of school work for example many homeworks that I didn't understand. Also he teched me and made me study so I would be successful in school. Also he told me that when I'm successful i will get rewarded and that has so far happened in school and home and other social places. I will also call my uncle a role model.

# What Year My Relative Was Most Active

The time when my relative was most active was when he had vacation to do busy work and teach me how to do work so i know what to do when someone asks me to do them a favor i can help them.

# Where Does My Relative Live

My uncle lives in Chicago and he has lived with me for a long time. All this time he has dedicated most of it on me because he wants to have a successful nephew. I will make his work pay off and be one of the most successful people in the world.

# Why did My Relative Do What He Did

My uncle taught me and took care of me like he did because he wants a successful nephew. Also because he wanted to spend time with me when he was off work. Lastly because it is fun spending time with family.

# How Did My Relative And I Separate

My uncle has work from around the world and sometimes contacts people by the internet. But now he has more important work that he has to travel in order to do business. Lately I have not seen him but I still remember all of what he has taught me.
